Team 3

Site Document

Site Design:

The site is about a trailer website. Each page consists of a navigation bar at the top with links to other pages.
• The Home page contains a brief description and a slide show of and all movies from different categories.
• The action page contains movies and games of action genre.
• The adventure page contains movies and games of adventure genre.
And so forth….
• The About Me page has a small description about the what the author learnt while making the website.
